

## March 2011- Courtside at Country Walk

Spring Update: The last weekend of February finds both mixed teams from Country Walk, one captained by Brian Glover and another by Patti Redding, into the ALTA playoffs after being **Division Winners** and earning the coveted Bag Tag. (In layman's terms, the bag tag can be the equivalent of a Wimbledon Trophy, well, maybe not THAT big, but the goal is to win a Plate at City Final's.) Both teams need to win the 1<sup>st</sup> round (played on Saturday) to advance to the 2<sup>nd</sup> round (played on Sunday), to head into the semifinals to be played on March 5, and then to the City Finals, to be played on March 12. This is a pretty big deal. Anyone can check out the ALTA site at [www.altatennis.org](http://www.altatennis.org).

Also, the Women's USTA team at Country Walk, captained by Patti Redding, were **Division Winners**, and won the USTA bag tag, and advanced to the 1<sup>st</sup> round of playoffs, but fell short to continue to round 2. The next Women's USTA season will be played in the summer.

This spring will host many Country Walk teams, there will be two women's teams (matches are played on Sunday afternoons), one captained by Kay Peterson, and another by Patti Redding, and also a men's team (matches played on Saturday mornings) captained by Matt Adams. In addition, there will also be a Spring mixed USTA team at Country Walk which will begin in March, with matches played on Friday nights.

Stay tuned for more updates and cheer your Country Walk teams on to victory.
